RED RIBBON CLUB

REPORT

RED RIBBON CLUB

Report

The red ribbon is used as the symbol of the prevention of drunk and driving, drug prevention and also for fight against AIDS.

Red Ribbon project was established by the New York visual AIDS artists' caucus in 1991. It is a global symbol aiming at common fight against HIV & AIDS.

Red Ribbon club was started in our college under the chairmanship of the principal as per the guidelines of CCE, with the objectives listed below.

Objectives:

- Educate youth correct, concise and adequate information about AIDS and other related issues.
- Eliminating myths and misconceptions.
- Enable youth especially female students to identify and understand situations of exploitation and abuse.
- Sensitize the youth regarding care and supporting needs.
- Instill the spirit of helping and supporting the people suffering with AIDS and increase youths' access to health care services
- Create peer educators among the students to sensitize the community at large.

Formation of Red Ribbon Club at college level:

To facilitate and organize various programs smoothly and effectively to educate students about AIDS, a committee will be constituted every year at institutional level. Committee constituted for 2019-20 given below.

Red Ribbon Club 2020-21
