

## **Smt. NPS. Government College for Women, Chittoor**

### **District resource center (DRC) report 2021-2022**

**DRC:** Government Degree Colleges are spread across the state in all the districts. Most of them are located in rural and semi urban areas. They mostly serve students from poor and unprivileged sections of the society. The students of colleges located in rural areas face disadvantages like infrastructural and teacher shortages, lack of exposure to modern educational atmosphere and inadequate background support. They need additional support. Although each district has about 8 to 16 Government Degree Colleges and they are working as total individual entities so far. Polling and sharing of resources will benefit students of all colleges' especially rural colleges.

The Government Degree Colleges in each district, therefore, were networked with a select government College in the district, called the District Resource Centre (DRC). Yearlong activities are planned and implemented by the colleges of the district under the DRC for the benefit of students in the subject and general areas. The DRCs are expected to tentatively compensate some of the disadvantages faced by the students of all colleges, especially the rural colleges.

In this context, The District Resource Centers are functioning in 21 district of the state from the academic year 2007-2008. Its innovative program initiated by Commissioner ate of Collegiate Education for the benefit of students in general and rural students in particular.
